

The Big Fortified Tasting

6th May 2015

**Church House Conference Centre
London**

Welcome to the Big Fortified Tasting 2015

This is now the 6th consecutive year that we've staged the b.f.t.; a testament to the importance with which this event is regarded by both exhibitors and visitors alike. Each year the show continues to attract more visitors from the UK and overseas. We very much hope you enjoy our tasting at Church House and received many compliments last year on how the layout of the circular hall allows you to move around these wonderful wines with greater ease. Just remember to take a breather from time to time as this year's line-up is as dizzyingly spectacular as ever!

Once again we would like to congratulate and thank all our supporters: the producers, their agents, retail buyers, sommeliers and opinion formers, who have all come together to make this, undoubtedly, the most significant tasting of Fortified Wines in the world. As ever, we are indebted to the generic promotional bodies that have given their support and help establish the b.f.t..

Today you will find well over 50 of the most famous and renowned names in the category and well over 300 classic and superlative wines on the tasting floor.

Remember that if you have pre-registered, we have five tutored tastings led by some of the greatest names in the business. These will be taking place throughout the day in the Bishop Partridge Hall and the Hoare Memorial Hall, please ask at reception for more details.

Whether you are here today to buy, learn, or write, we hope you are inspired and informed and leave even more fortified with ideas.

On behalf of all our producers and their agents, we warmly welcome you to enjoy today what many are now calling "the Trade's favourite wine tasting".

SEEKING DISTRIBUTION

Díez Mérito, showcases its two centuries of history to the very best effect. In 1876 the Díez y Pérez de Muñoz brothers began a wine business in Jerez. Another brother, Francisco, joined them a few years later, creating Díez Hermanos. King Alfonso XII of Spain awarded them the honorable title of “Suppliers of the Royal House” allowing them to use the Royal Coat of Arms on invoices and labels. Despite being a medium size bodega, compared to many of its bigger competitors in the region, Díez Mérito was ahead of them in the export figures at the beginning of the 20th Century. This allowed them to acquire a number of smaller bodegas and vineyards. In the late 70’s, the heirs of the original founding members purchased the “Marqués del Mérito” winery and merged it with their own, thus creating Bodegas Díez-Mérito. Later on, in 1985, it became a part of what is today the Eguizabal Group of wineries. The company owns one of the most impressive winery buildings in Jerez, Bodega Bertematti, a majestic building dating back to 1790 which owes its name to its original owner, the Marqués de Misa. It’s marvelous location in the heart of the town of Jerez, it’s arches holding up the high vaulted structure makes it an ideal place for ageing Sherry wines and brandies.

Situated in Sanlúcar de Barrameda, the winery was founded by Domingo Pérez Marín in 1852.

Since 2007 it has been part of Grupo Estevez Jerez, joining other members of the group, Valdespino and Real Tesoro.

From 1526 until mid 19th Century, the building that is currently the Winery headquarters was the site of the most important hospital in Sanlúcar run by the Dominican religious order. The Bodega is situated in the Barrio Alto, the highest point of the city, receiving the humid western winds from the sea which are essential to the ageing of this unique wine.

La Guita is entirely produced from Palomino grapes grown in Pago of Miraflores, a plot of vineyards in Sanlúcar with a very special terroir which provides this Manzanilla with its personal style. Today La Guita is the undisputable national market leader and has conquered the palate of international consumers around the world.

The history of one of today's largest Sherry houses dates back to 8th March 1760, when King Carlos III of Spain wrote a letter officially appointing His Excellence, Don Joaquin Manuel de Villena, lieutenant-general of the Spanish Royal Armada, as the 'Marques del Real Tesoro'.

This title was bestowed on Don Joaquin by the King as reward for his victory when his fleet was attacked by pirate ships. In order not to lose any Crown treasure that his ships were carrying, Don Joaquin used silver from his own inheritance order to make munitions.

In 1897, the title of Marques Del Real Tesoro, which was left unspoken for, was bestowed by King Alfonso XIII, to the grandson of the first Marques, who founded a brand name after his title Marques Del Real Tesoro.

With the Sherry reserves, stored two centuries beforehand by His Excellence, Mr. Conde of Villacreces who kept an extensive wine cellar with the most select Sherry wines of Jerez, originating from the 'Soleras' that today carry the prestigious name around the world of Marques Del Real Tesoro.

Valdespino is one of the oldest and very few family-owned bodegas in Jerez, with a history of Sherry producing going back six centuries. Alfonso Valdespino was one of 24 knights who fought for the city of Jerez with King Alfonso X, against the Moors in 1264. Today the Bodega belongs to the Estevez family, who have preserved the boutique philosophy of this highly reputed Sherry House. Valdespino is today one of the very few bodegas currently producing single vineyard Sherries and their Pago Macharnudo provides the grapes for their single vineyard wines, which include the Fino 'Inocente', the 'Amontillado 'Tio Diego' and the Palo Cortado 'Viejo CP. Valdespino is also renowned for their VOS (Very Old Sherries) with over 20 years of ageing and VORS (Very Old Rare Sherries), with over 30 years of ageing. Their 2015 batch of Manzanilla Deliciosa en Rama will be officially launched at the tasting.

Emilio Lustau has always placed absolute quality ahead of volume considerations and thus, stand apart from the bland, mainstream wines that many of the large sherry brands promote today. Producing a full range of styles, from clean, pure, bone-dry Finos through to resplendent, unctuous essences such as PX, Lustau never fail to provide us with Sherries of the very highest quality.

Lustau pioneered the concept of Almacenista bottlings – choosing specific lots from the warehouses of small independent Sherry maturers and bottling them separately. The key to quality with Sherry is less where and how the vines are grown but rather where and how the Sherries are matured.

As if the Solera Reserva and Almacenista ranges were not special enough, we would also like to draw your attention to these truly wonderful VORS wines.

One of the oldest and most prestigious wine and spirit producers in Spain, Osborne was founded in 1772 by Thomas Osborne Mann, with the initial purpose of supplying sheries to Great Britain. The company remains 100% family owned, now by the 7th generation. The company logo, the distinctive black silhouette of a bull is dotted throughout the country, and in 1997, the Spanish Supreme Court decreed that it had become an indispensable part of the Spanish landscape, and declared it part of the national heritage.

1. Amontillado 51-1a, 30 Year Old VORS

The "51 Primera" is named after its solera. A complex combination of fruits - raisins and figs, primarily - and savoury components such as chestnuts, dark bread, and baking spices are accented with a delicate briny note. This sherry unwinds into a long, warm finish.

ABV: 15%

2. Capuchino Palo Cortado, 30 Year Old VORS

This has been naturally concentrated by evaporation during long barrel ageing and has developed extraordinary intensity. Palo Cortados are rare wines with the fragrance of an Amontillado and the body of an Oloroso. Strong aroma of hazelnuts and a slight fragrance of oak. Full bodied, balanced and dry, with a lengthy finish.

ABV: 20%

3. Sibarita Oloroso, 30 Year Old VORS

This is an extraordinarily concentrated, intensely aromatic Sherry which magically combines finesse with power. Swallow the wine and the flavour persists for an age. It is produced by Osborne who have some of the most venerable soleras of all. A superior aperitif with which to whet your appetite for those hearty winter meals.

ABV: 20%

4. Venerable Pedro Ximenez, 30 Year Old VORS

Made by raisining pedro ximénez grapes and partly fermenting the sticky juice, this ebony-coloured, treacly-textured wine is the quintessence of raisins and dried figs. In Jerez they pour a tablespoon over vanilla ice cream. The contrasting black and white colours, warm and cold temperatures, sweet and creamy textures are fantastic.

de Vinos is a UK independent wine importer & distributor focused and specialised in Spanish wines. The company was founded in 2013 by two Spaniards, award winner Sommelier Bruno Murciano (best sommelier of Spain in 2008 & International Silver medal in 2009) and Luis Sanz, wine enthusiast and former Investment Banker.

Bodegas La Cigarrera is located in the heart of historic town of Sanlúcar de Barrameda. It used to function as a Sherry warehouse for wine sold to quality houses, like Lustau, for bottling. Since 1997 they started bottling their own Sherries under the name of La Cigarrera, a tribute to the women who used to sell tobacco on Sanlúcar's sideways (and the feminine image that you can see in their Manzanilla wine nice label). However, their origins as wine warehouse date back to the mid eighteenth century.

Nowadays, La Cigarrera is run by the third generation of the Hidalgo García de Velasco family, one that has many historical bounds to the "Sherry" production. They have a nice "Bodega" (winery) in the centre of Sanlúcar, in a historical building that works as winery and restaurant/tavern offering the best of Andalucía's style tapas.

At de Vinos, we believe that Spanish wines deliver the best quality and value for money relationship in the world and that they deserve to be better represented in the UK. For this reason, we have selected and sourced a range of hand-picked Spanish wines from family-run wineries, which we proudly represent in this country.

Pérez Barquero is a well established, renowned name for making wines that come from the Pedro Ximénez grape, which has the ideal conditions to grow in Montilla-Moriles D.O. Pérez Barquero is a family owned winery that owns 125 hectares of vineyards in some of the best locations in this appellation, in Sierra de Montilla and in Moriles Alto. They also control a further 400 hectares of vineyards belonging to other vintners. They also stock 10,000 500- to 600-liter American oak barrels, the famous “*botas*” where they age their wines following the “*Soleras and Criaderas*” system. They produce an impressive array of both dry and sweet wines, whose main characteristics are balance, elegance, freshness and finesse. In order to produce their range of sweet wines, they expose the Pedro Ximénez grapes to the sun in open fields, until they get sun dried and raisin, which allows for concentration of sugar in the grapes.

A long-established producer of fine Brandy de Jerez and PX, Fernando de Castilla was revitalised in 1999 by Jan Pettersen, a Norwegian with a passion for top quality sherry and 15 years experience at Osborne. After taking over the cellars of the Sherry shipper Jose Bustamante, located next door to the main bodega, Jan quickly established Fernando de Castilla as masters of the production and ageing of fine, unblended, untreated Sherries. The bodega's reputation is based on the excellence of the Antique range of intensely pure and complex single solera Sherries whose award winning packaging makes them even more impressive.

A group of likeminded friends decided to select and share out the contents of an old barrel of Amontillado at Sanchez Ayala – and so the Equipo Navazos project began. Those at the centre of Equipo Navazos, with their intimate knowledge of Jerez and its cellars are able to find and select extraordinary wines from the many fine producers with whom they collaborate. Expanding from that first bottling of Amontillado Equipo Navazos have found Manzanillas, Amontillados, Palo Cortados and PXs to fascinate the wine world and continues to identify precious, exciting sources for the La Bota series.

The Alves de Sousa family have produced wines in the Douro for 5 generations. In the pursuit of finding the best expression of a vineyard, Alves de Sousa only use grapes from the family's estates. The Alves de Sousa family is proud to present a very distinct line up of Douro & Port wines – expressing the unique character of the vineyards and reflecting all the work, care and great respect for the Douro, with Alves de Sousa's very personal touch.

The quality and singularity of the wines have been widely recognized with distinctions and mentions in the most acclaimed national and international publications, with a very special highlight for the "Producer of the Year" award presented in 1999 and again in 2006 by the most important Portuguese Wine Magazine ("Revista de Vinhos"), becoming the first in the history to receive twice the most coveted and prestigious distinction for Portuguese wine producers.

Although Churchill's is considered a baby of the Port trade both in scale and age, (it was only founded in 1981) it has its roots deeply embedded into quality Port history. Indeed Johnny Graham's family used to own the famous Graham's Port until it was sold in 1970. He and his Wife, Caroline (maiden name Churchill) created the company when Johnny left a job at Taylor's where he had been in the winemaking team, having spent the years before that working for Cockburns. The Churchill's vineyards have been added to since 1999 with the purchase of two grade A properties, Quinta da Gricha and Quinta da Rio, which bring further terrior and depth to the blends. The scale of Churchill's allows Johnny and his team to produce really exciting hand crafted traditional wines, using time-honoured and traditional methods.

C. da Silva is a traditional Port Wine Company founded in 1862, the current name being acquired at the beginning of the 20th Century, when Clemente da Silva inherited the company through his marriage. Through the Dalva brand, C. da Silva exports to a wide range of markets in Europe, the Americas and Asia. Our experienced winemaker José Sousa Soares and his team produce a complete range of Port Wines with fruit from the best areas and grape varieties of the Douro valley in Portugal, and we are particularly proud of our aged Tawny, *Colheita* and White Ports. The latter include a range of Dry Whites, and our flagship Golden White, a sweet white *Colheita* which we release from one outstanding year in each decade. On show at the BFT 2015 will be the 1971 Golden White, which follows the highly successful examples from 1952 and 1963.

SEEKING DISTRIBUTION

The van Zeller's family began to produce wine and port wine in early 18th century. In the 19th century, it was conferred the title of Barão de Vilar (Baron of Vilar) to the ancestors of Fernando van Zeller, who bares the title in present time, and Álvaro van Zeller, the Winemaker. To perpetuate the family wine tradition, promote the winemaking legacy – knowledge and techniques that were improved throughout centuries – and the vineyards planted traditionally on schistous soil in the hills of Douro, the oldest demarcated region, the offspring decided to found the company Barão de Vilar, Vinhos SA with the office in Vila Nova de Gaia and the wine production centres in Douro Region.

According to this, the Barão de Vilar Port wine and Douro wines are unique by its winemaking process, allying the tradition with technology, and the focusing on quality instead on quantity, creating top quality wines.

Founded in 1880 by brothers Adriano and Antonio, this Port house has always had a pioneering spirit. Ramos Pinto is run today by the heirs of these two energetic vintners: Jorge Rosas, Export Director and João Nicolau de Almeida, the enologist who was responsible for officially identifying the five key grape varieties that are best suited to wine production in the Douro region. In 1990 Ramos Pinto became part of the Champagne Louis Roederer group, which shares a similar family owned history and has since enjoyed significant investment and further improvements in quality. Among Port producers, Ramos Pinto enjoys the distinction of holding the largest proportion of vineyards in relation to its production, tending 187 hectares of prime vineyards in the Alto Corgo and Douro Superior areas of the famed Douro region. Year on year this estate produces some of the finest Ports in the Douro, winning two of the four Port Trophies at the Decanter World Wine Awards.

PLURAL, LIKE THE WORLD

Cálem is one of most popular brands of Port, with a global presence and indisputable leadership in the domestic market – its positioning is a result not only of wine sales but also tourism revenue, as its cellars are the most visited cellars in Porto. Its emblematic label "Velhotes/Old friends" is part of the collective memory of Port wine drinkers in Portugal and is one of the brand's best sellers.

Founded in 1859 by António Alves Cálem, it quickly achieved a renowned reputation; like the Portuguese adventurers centuries before, Cálem was able to conquer new worlds without ever forgetting its origins: the Douro.

Today, Cálem is Portugal's ambassador to the world, admired for its diversity and ability to innovate, winning new admirers every year that goes by. Cálem wines are made of this adventurous spirit.

Quinta do Noval lies in the Douro valley in Northern Portugal where it has produced great port since 1715. Vineyard is at the heart of Quinta do Noval's philosophy. It is significant that the company is named after its vineyard, that it is entirely based in the Douro valley and that its principal Vintage Ports, Quinta do Noval Nacional and Quinta do Noval are both single vineyard wines. The aim is to produce great classic Vintage Ports which are harmonious and elegant expressions of the terroir of Quinta do Noval.

This family run group comprises some of the most distinguished Port houses in Taylor's, Fonseca and Croft, as well as The Yeatman, Oporto's leading luxury hotel.

Taylor's, Fonseca & Croft are all famed for the finest Vintage Ports, while the Aged Tawnies of the Taylor's House are among the best Aged Tawnies in the world.

This year we celebrate the Bicentenary of the House of Fonseca.

The company began trading on 8th April, 1815. To commemorate 200 years of family tradition and achievement, Fonseca has made a limited release of a Bicentenary Edition Crusted Port and a Waterloo Edition Finest Reserve Port to mark Wellington's victory that same year.

True to a tradition of craftsmanship, Fonseca produces one of the most individual range of Ports, including its unique Guimaraens Vintage Ports, an unfiltered LBV, a rare Crusted and the first ever Organic Port, Terra Prima.

Niepoort is an independent family business since 1842. Through five generations the business passed successfully from one generation to the other and in most cases older and younger generations worked side by side for a long period. The fifth generation, Dirk and Verena Niepoort are now leading the company. Niepoort's mission is to maintain its position of "niche player", continuing to produce distinctive ports and Douro wines, combining centuries-old tradition with innovation.

Bovey Wines was established in 1987 as a partnership between Geoffrey and Pamela Cole after visiting the premises of Pereira D'Oliveira. This family company has a unique portfolio of rare old Madeira wines dating back to 1850, and is one of only six producers on the island.

Our target market is principally high quality independent wine retailers, merchants and high quality restaurants and hotels.

The business has grown by virtue of promotional activity, with tastings at wine fairs and by personal visits and private tastings throughout the country, and by regular personal contact with customers. In store tastings are arranged for those retailers who wish to stage promotions.

In 2009 Geoffrey and Pamela's daughter and son in law, Lesley and Tim Adams became partners in the business, thus ensuring its continuity. The current stock comprises a total of 63 different wines, from 3 years old to over 150s year old. Wines from the 19th Century are available by special order.

Established in 1850, Henriques & Henriques produces and ships wines generally recognised as great classical Madeiras. In 1992 the building of new premises provided suitable means for meeting the current demands of the markets. The fact that it is the only producer to own vineyards, has allowed for a better control of all aspects of production. The company uses the most recent technical innovations but maintains the family tradition of almost 200 years of producing finest Madeira wines.

The Blandy's are unique in being the only family of all the original founders of the Madeira wine trade to still own and manage their company. The family has played a leading role in the development of Madeira wine throughout its long history and in the economic development of this remote Atlantic Island and members of the family continue to live on Madeira, maintaining a tradition that goes back to 1811. Blandy's Madeira remains totally dedicated to the traditions, care, and craftsmanship of Madeira Wine making and has been owned by the same family for 200 years and seven generations. Justino's, Madeira Wines, S.A. was established in Madeira in 1870 and is one of the oldest producers and exporters of Madeira wine.

In 1993 it became part of one of the largest French groups of wine and spirits distributors, building new larger and modern installations, and becoming a leader in the international trade.

Justino's has a high quality stock of wine, aged in oak casks, allowing consistent supply to selected markets.

From the several Madeira wine styles that are being exported, Justino's brings your attention to Colheitas, which, without doubt, delight the most discerning connoisseur. The wines are aged in oak casks and bottled only on demand.
